

WHAT WE DO

Each of FIA's projects assist nationals or missionaries in practical ways. We demonstrate God's love to people groups who have yet to hear the Gospel, providing a platform to share the Good News.

CONSTRUCTION

FIA volunteers have built medical clinics, bridges, schools, homes, and airstrips in remote locations.

TEAMS

Our short-term volunteer teams help to provide equipment and labor for development projects around the world.

SHIPPING

From purchasing, consolidating, and logistical support, we help mission-critical supplies reach frontline Gospel workers in some of the most remote locations on earth.

VOCATIONAL TRAINING

FIA provides vocational training in welding, mechanics, wood-working and construction, and other skills that will help support both nationals and ongoing project needs.

Using construction and service projects to speed the Gospel to those who have not heard the Good News of Jesus Christ

OUR MISSION

Friends in Action International supports mission work in areas of limited infrastructure through construction and service projects to speed the Gospel to those who have not heard the Good News of Jesus Christ.

OUR VISION

To see every tribe, tongue, people and nation declare Jesus as Lord!

OUR IMPACT

Opportunities to Hear the Gospel

Community Transformation

Medical Relief and Critical Care

Leadership and Discipleship Training

Education and Training
